   d. We need 30 people involved in this. Teonja suggests all those who are on the executive board for
      the incoming year be in the cohort
   e. Everyone involved will need to apply
   f. Teonja will share the link

   e. If you are interested in helping develop an activity to help engage attendees, let Joe Thompson
      know

5. EDI Panel Documents – Andrea Thomas
   a. After we discuss these documents, we hope to merge these with the similar documents in the
      current PDP manual to create a more complete accessibility plan
   b. Documents include:
      i. The accessibility checklist includes how to make programming more accessible – parking,
         wheelchair accessibility, meeting room accessibility, signage, technology, etc.
      ii. Event Planning Norms
      iii. Meeting Code of Conduct
   c. Kelsey notes that the PDP manual has brief mentions of accessibility considerations but these are
      more in depth, which will be helpful for program planning
   d. Some of these apply to things beyond programming, which may make more sense to live
      elsewhere
   e. Josh and Teonja will be updating the MLA manual, which could be a good place for these EDI
      panel documents
   f. Andrea Berstler agrees that these documents are likely separate from PDP’s manual, likely
      belonging in a broader document like the MLA Manual
   g. The documents will be sent out via google docs for members of the exec board to provide
      comments and feedback. Once that is complete, we will work to determine where each aspect of
      the documents should live

6. Unit Restructuring – Teonja Jung/Tiffany Sutherland
   a. Teonja outlined the changes to the bylaws related to the unit audit
   b. Nay Keppler motions to approve the changes to the bylaws related to the unit audit. Melissa
      Lauber seconded
   c. Teonja shared the document with the audit group’s recommendations about Interest Groups
      being overseen by a division
      i. We are going to look more closely at the Library Advocacy Interest Group separately so it
         is currently omitted from this document
      ii. We would like to make these changes begin July 1
iii. Rename CSD to Youth Services and PSD to Adult Services and Reference
iv. GIIG and NMIG will dissolve
v. Materials Interest Group – Support Services Division
vi. Teen Interest Group – Youth Services Division
vii. Emerging Adults, Reader’s Advisory, Outreach Services, Maryland Adult Programming, LGBTQ+ would all go under – Adult Services & Reference
viii. Future of Libraries Interest Group – Leadership Development Division
ix. Katelyn McLimans mentioned there were varying opinions at the previous CSD meeting about changing it over to the Youth Services Division. Some members asked if it could stay CSD to continue the focus on early childhood programming
  1. Teonja indicated that the name doesn’t mean they must talk about teen services, for example, at all the meetings
  2. Katelyn agreed that CSD does already provide programming around other ages than early childhood via Kids Are Customer and Black Eyed Susan Tapestry as well
  3. Kelsey Hughes indicates that it is going to be important for what will be Youth Services Division to provide a voice for all of youth, since right now the only voting voice at the Executive Board comes from Children’s Services and Teen Interest Group doesn’t get a vote. So Early Childhood, for example, could become an interest group in the future
x. Andrea Berstler motions to approve the recommendation by the audit committee to place Interest Groups under divisions and to sunset GIIG and NMIG pending the membership vote on the bylaws revision in Spring, 2024. Teonja seconded.
  1. There was hesitation because of leaving LAIG off – do we need to wait to vote until we determine LAIG’s future?
     a. Teonja removed that from the document being approved
  2. Kelsey mentioned that LGBTQ+ needs to be under LDD.
     a. Teonja has corrected the document to reflect this
  3. All approve
7. Additional Bylaws Revisions
   a. Article III, Section 2
      i. Rearranged existing information a bit to better align with the structure of the bylaws overall. Defined “affiliate membership”
      ii. Removed “Institutional Membership” because we are planning to roll any unique aspects of institutional memberships into the affiliate membership
   b. Article III, Section 3
      i. used to be section 4, now 3 because I moved honorary membership to be under section 2. Part b now references "individual" and "affiliate" members and their payment due dates and delinquencies. Please adjust as needed! Part c just adds "individual and affiliate" to better refer to the two types.
      c. Article XIV - cleared up that the vote for changes to the bylaws needs a simple majority, added clarity of what is being sent at least 60 days' prior to the vote
      d. Tif motions to approve and take the bylaws to a vote to membership, Rachel seconds
      e. All in favor, none opposed

President’s Report

Tiffany Sutherland

• Tif has been writing a lot of letters and talking with a lot of legislators to represent MLA and our stance on library related bills in Annapolis this session
• Attended meetings about the unit audit and MLLI committee
• continuing to visit Affiliate members. I also talked with a UMD iSchool class about MLA
Vice President / President-Elect’s Report  Teonja Jung
• Continued leading the audit group
• Attended library day in DC last month
• Attending PLA in April
• Working on the MLLI committee with Tif
• Plans to volunteer at Maryland Day in April

Past President’s Report  Nay Keppler
• Spoke to a UMD class on a panel about librarianship and MLA
• Participating in the LGBTQ+ interest group. There is an incoming co-chair – Shannon Carney. There will be a meet up this Saturday at Red Emma’s from 2-4

Executive Director’s Report  Joshua Stone
• Legislative Day went well. Thanks to all who attended and to Carroll county for working to make it happen
• Worked on bill communication with Tif, especially on the Freedom to Read Act
• Hosted an informational session on the Freedom to Read Act
• Has a site visit planned in Hanover for the 2026 conference – the 2025 conference will be at the convention center in Ocean City
• Helping find a location for the next MLLI cohort
• Tradewing up for renewal. MLA put out a survey recently to collect feedback about MLA Connect. The most negative/constructive feedback was about video conferencing and how well MLA has promoted it
• Part of Josh’s contract with MLA is to obtain a professional certificate. He will be attending trainings to obtain that over the next couple years.

ALA Councilor’s Report  Joe Thompson
• Tif kicked off ALA LibLearnX at the opening session
• At ALA LibLearnX, attended Council meetings as the ALA Councilor
  o ALA Personal dues have been simplified
  o Irene Padilla was honored at the Council Meeting for all the work she’s achieved in her time as State Librarian in Maryland - https://www.ala.org/aboutala/sites/ala.org.aboutala/files/content/Tribute%20Resolution%20Honoring%20Irene%20Padilla.pdf
  o There were two competing resolutions about Israel and Gaza – one specifically condemning the destruction of cultural institutions and another calling for a ceasefire. To keep with resolutions more focused on the work of ALA, they passed the one condemning cultural institutions

Legislative Update  Andrea Berstler
• We have hit crossover day – bills in one chamber have moved over to another
• Bill reconciliation is when bills from both chambers must come together
• SLRC funding has come out of the Senate but not the House yet. We are optimistic this will pass. Because it has a fiscal note, it often takes more discussion
• Adjustment to wording for the Lifelong Learners Act is moving along
• Freedom to Read is in reconciliation now, then will head to the Governor’s office to be signed. He has indicated he wants to see it on his desk to sign. This bill has been a big group effort with individuals from MASL, academic libraries, public libraries, Pen America, EveryLibrary, and legislators. Andrea will communicate when we have a date for when Gov. Moore will sign the bill.
• Leg Panel will continue working on advocacy training sessions and modules

Conference Director’s Report

Anita Crawford

• Anita thanked Julie Fitzpatrick for her work on the Crab. Anita is submitting highlights of sessions happening at MLA annual for an article in the Crab.
• As of Monday, we have around 300 conference registrations
• We will continue to promote to get more registrations
• Most of the preconference have at least 10 people registered, which helps us break even on those sessions
• The hotel defaults to Tuesday-Friday, so registrants will need to change it to Wednesday-Friday if that’s what they want
• The virtual conference has about 12 people registered now. Continue to promote this opportunity to ensure we at least break even on costs
• Chelsea Shockley will be moderating the conversation with Hilton Carter
• Carroll County is providing a photographer for the conference
• Poster sessions have gotten plenty of submissions, being handled by ACRL
• If you see any issues with the website, please send to Anita and Josh so they can address it
• There will now be our own app in the app store for the conference rather than going through the Sched App
• We hope to get our own wireless network for the conference
• Orientation for the conference will be early May

Unit Leader Reports

• Tamar Sarnoff (MSLA) – thanks to all who participated in Legislative Day. We’re waiting on the approval of the federal budget, which means we do not know what allotment of IMLS funding MSLA has yet. Mary Rayme is working on putting the IMLS program showcase onto Niche Academy for all to watch. MSLA has developed a funding distribution plan for Dolly Parton’s Imagination Library. Irene’s retirement will be celebrated on June 21st. This will be a ticketed event at the Busch Library in Annapolis. A save the date will be coming out soon. Maryland’s 205th anniversary is coming soon. You will be hearing more about that in the coming weeks. Please consider providing programming that aligns with this initiative.
• Sabine Simonson (OSIG) - it’s been quiet. I am hosting Ashley Biggs from MSLA in Easton in April for an outreach event about LBPD. And lastly I have been better posting on MLA Connect. See you all at the next meeting and have a great start of Spring!
• Ashley Teagle (EDI Panel) - Will Wallace from Wicomico Public Library has volunteered to co-chair the Panel starting July 1. Tif and I met briefly to discuss potential co-chairs to ensure Will has the support of an experienced MLA member. Co-chair Andrea Thomas has developed a member solicitation letter so current EDI Panel members can continue to work on strengthening the diversity of the Panel’s membership, particularly as it relates to the type of library members represent. The EDI Panel is also working on establishing a new meeting time and day pending the outcome of a poll of the membership. Tif will assist with requesting representation from ACRL and from the iSchool. The EDI Panel continues to make progress on our strategic plan:
  ▪ An Accessibility Checklist, Event Planning Norms, and Meeting Code of Conduct are up for a vote by the Executive Board at the March 20 meeting.
  ▪ The Panel has decided to prioritize working on establishing EDI benchmarks for MLA for the remainder of the fiscal year. A subcommittee has been formed to work toward the development
of a survey for MLA membership.

  - Spring issue will feature Conference plans, including updates from Anita, last call for silent auction baskets, and a summary of conference poster information and link to ACRL-MD’s poster webinar from February.
No new columns this quarter. Melissa Lauber was planning on talking to the steering committee of PSD about a regular column.
  - If any other groups are considering writing a column, please reach out with any questions to julie.fitzpatrick@hclibrary.org. All are welcome!

This issue was more manageable than the last, but we are still weighing the possibility of recruiting more copy editors.

Also learn how we leveraged relationships with local and national like-minded NGOs and government partners to increase capacity without over-burdening staff.
