Location: Carroll County Public Library

Job Title: Experience Design Specialist

Responsibilities: Are you enthusiastic about learning new things and teaching others? Are you looking to be a member of a customer service-oriented team that will help our community achieve their professional, educational and personal goals? Join our team! Carroll County Public Library's new space, Exploration Commons at 50 East (https://explorationcommons.carr.org), is seeking full and part time Experience Design Specialists who are passionate about new technologies and/or have professional cooking experience. You will create and implement trainings and programs for a thriving maker and culinary community in our innovative and state of the art makerspace and teaching kitchen. The successful candidates will be highly motivated, able to work independently as well as with a team focused on providing superior customer service, and able to learn and share new technologies and skills. Experience Design Specialists will plan, prepare and present training on makerspace, teaching kitchen and meeting room resources; conduct programs on a variety of makerspace and cooking concepts; create content and showcase applications of new technology for the community; work closely with educational, workforce development, and other community partners to develop content; and engage the public through a wide variety of technologies and professional-grade kitchen equipment. For full job description go to https://library.carr.org/careers/careers.aspx
