**Location:** The Community College of Baltimore County  
**Job Title:** Senior Director, Library Services

**Responsibilities:** Specific Essential Duties  
Provide leadership for strategic and operational planning for all programs and services in the main campus libraries and extension centers, including the development and implementation of innovative technology. Prepare and administer the operating budget for assigned unit. Supervise and evaluate all assigned staff in the performance of their professional assignments. Oversight and on-site coordination of operations across the multiple library service locations. Collaborate with assigned staff to develop, review and evaluate unit goals and recommend improvements, as appropriate. Coordinate the scheduling of services in collaboration with other College departments. Plan and implement new services to respond to community needs. Ensure the CCBC community has equitable access to library facilities, resources and instructional programs. Develop and establish active education and outreach initiatives to familiarize students and faculty with emerging library services technologies. Plan, monitor and explore the use of new library technologies in higher education research with library faculty and staff on a regular basis and facilitate appropriate training. Collaborate across academic leadership to plan, design, implement and assess the use of library technology and digital initiatives that support student success and retention.

**Requirements:** ALA Accredited Master’s degree and eight (8) years of professional library experience required. Five (5) years of supervisory experience required. Must have knowledge of higher education institutional practices, open pedagogy, open access and open educational resources.

**Salary Range:** $90,647.00 - $149,826.00 Annually
