Location: Goucher College
Job Title: Associate Vice President for Library and Learning Commons

Responsibilities: The Associate Vice President (AVP) provides leadership and strategic direction for all aspects of the Library and Learning Commons (LLC) units to the College. The successful candidate will provide the strategic vision and leadership needed to redefine the LLC to complement the classroom and college at large, where students develop a habit of mind through mastery of skills and confidence gleaned from applying disciplines to real-world problems; where they are inspired to learn independently, with and among others, guided to ideas through the exploration of knowledge and resources; and where they experience the joys of life-long learning and membership in a diverse, inclusive, and socially conscious community of critical thinkers. The Library and Learning Commons is comprised of the Library (public services, collections, teaching, reference, special collections, archives, access, etc.), Writing Center, the Quantitative Reasoning Center, Exhibits and Curation, and the Hallowed Ground Project.

Essential Job Functions:
Serve as a strategic leader on campus adept at responding to and managing a changing campus environment; Serve as chief advocate for the academic support provided by the Library and Learning Commons; Provide strategic vision for the continuing development and advancement of the Library and Learning Commons as a learning center, leverage existing strengths in the service of new initiatives; Lead strategic planning and assessment efforts to determine the needs of the Library and Learning Commons and document its effectiveness as demonstrated by evidence-based assessment methods; Collaborate and regularly consult with faculty and staff to provide significant student resources and support for academic programs, exhibitions, supplemental instruction, tutoring, scholarship, and student learning; Manage the operations of the Library and Learning Commons including the facilities, services, staff, and budgets; Oversee and provide guidance for the management of the Library's collections, including its online resources; Oversee the Writing Center, the Quantitative Reasoning Center, Library Research Foundations, Exhibits and Curatorial Services, Hallowed Ground Project, supplemental instruction, and tutoring for other content areas or digital literacy, working collaboratively to enhance and integrate student learning; Engage in teaching, liaison, outreach activity and reference as appropriate; Provide energetic leadership in integrating new and emerging technologies with existing library resources and services; Lead fundraising for the Library as the Library's liaison to College Advancement, including supporting the Goucher Friends of the Library organization

Requirements:
Masters in Library Science from an ALA accredited program, PhD or second masters degree, A record of progressive responsibility in libraries, including administrative experience.

Salary Range: $120,000-$135,000

Application Process: Consideration of applications will begin immediately and will continue until the position is filled.
