**Location:** Harford Community College  
**Job Title:** Reference & Instruction Librarian  

**Responsibilities:** Harford Community College is seeking a customer service-oriented individual to join our Library team. Responsibilities include providing reference and research assistance to students, faculty, staff, and community patrons in-person and online, assisting library patrons in using information and technology resources, and teaching information literacy/library instruction sessions. The Reference & Instruction Librarian also serves as an embedded librarian in online courses, creates online user guides and tutorials, and contributes to collection development.

This is a part-time, on-site position, requiring some evenings and weekends.

Employees of Harford Community College, including instructors for online and virtual courses, must be residents of Maryland or the contiguous states of Delaware, Pennsylvania, Virginia, West Virginia or the District of Columbia; non-residents are expected to relocate to meet this requirement.

**Requirements:** A master's degree in library science from an ALA-accredited institution or in a closely related field, and advanced knowledge of reference service principles and information literacy competency standards are required.

At least one year of experience working in a library setting required

**Salary Range:** $29.22-$37.98 Part-Time
